

# react-three-fiber

1)- "Small error in Documentation"

"<https://github.com/pmndrs/react-three-fiber/issues/2172>"

2)- "react-three-fibers depends on react@18 and a version of zustand that disallows react@18"

"<https://github.com/pmndrs/react-three-fiber/issues/2171>"

3)- "Canvas resize delayed after container resize."

"<https://github.com/pmndrs/react-three-fiber/issues/2149>"

4)- "Error in documentation for negative indices ?"

"<https://github.com/pmndrs/react-three-fiber/issues/2139>"

5)- "Proposal: Bring \"color\" or \"background\" into Canvas Props because I'm lazy"

"<https://github.com/pmndrs/react-three-fiber/issues/2129>"

6)- "Consider defaulting to  
renderer.physicallyCorrectLights = true"

"<https://github.com/pmndrs/react-three-fiber/issues/2127>"

7)- "Event system shouldn't assume a single, builtin Raycaster"

"<https://github.com/pmndrs/react-three-fiber/issues/2117>"

8)- "RTTR waitFor tests fail when async"

"<https://github.com/pmndrs/react-three-fiber/issues/2107>"

9)- "does not work with react native [npx react-native init]"

"<https://github.com/pmndrs/react-three-fiber/issues/2077>"

10)- "Test renderer throws when using components not mounted via r3f"

"<https://github.com/pmndrs/react-three-fiber/issues/1978>"

11)- "React Native: load a GLB with embedded textures"

"<https://github.com/pmndrs/react-three-fiber/issues/1972>"

12)- "Mismatch between reported viewport from three.js and R3f"

"<https://github.com/pmndrs/react-three-fiber/issues/1892>"

13)- "Canvas height keeps on increasing"

"<https://github.com/pmndrs/react-three-fiber/issues/1684>"

14)- "The performance scaling example doesn't disable post on regress, it just skips the final (cheap) blend function"

"<https://github.com/pmndrs/react-three-fiber/issues/1622>"

15)- "Concurrent mode throwing warnings when the frameLoop is taken over"

"<https://github.com/pmndrs/react-three-fiber/issues/1453>"

16)- "Ø=Üñ Call for React Native maintainers!"

"<https://github.com/pmndrs/react-three-fiber/issues/1027>"

17)- "prepareRaycaster breaks when using <Html /> from drei"

"<https://github.com/pmndrs/react-three-fiber/issues/964>"

18)- "onClick acting like \"onPointerUp\""

"<https://github.com/pmndrs/react-three-fiber/issues/164>"
